Hi Gary,

It's Dan from Toronto.

I'm just writing to thank you for all of your help re the purchase of the coin-laundry here in Toronto.

I closed the deal three weeks ago and the business is making tonnes of money! You were right on (if even a bit low) on your predictions on gross income - this you may remember would have been due to me not being able to provide historical temperature data re the natural gas.

You were also right on the money re fixing the machines as well a numerous other things.

I know this is going to sound like an infomercial but retaining you turned out to be the best \$400 bucks I've ever spent!

I'm really enjoying the business and I've added an ATM, and a new snack vending machine will be here next week, all adding to the income. New paint, and updated floors on the way and then I'll be raising the prices as they haven't been raised in almost four years!

So, that's it, just wanted to say thanks.

G-d Bless,

Dan M.

Re: laundromat advisor package

Excellent, I just received and only on page 4 and can tell this is exactly what I needed. I haven't bought a laundry mat yet but have been offered the "opportunity".

Look forward to finish reading and starting the analysis.

*Hello Gary,
I am an aspiring coin laundry owner and in my research on the internet I found and purchased your "Laundromat Advisor". I read through the entire packet and found it very informational, detailed and definitely answered a lot of questions for me.*

Gary,

I have not had a chance to say Thank You for your help. I realize that I did not accomplish my goal of purchase but if I had not listened to you I probably would have bought a Pink Elephant. Then I would have been strapped for the foreseeable future.

Again Thanks !!! I will be in touch in the future should I need your services.

Regards,

Dear Gary,

Thanks for all the info, I must say that's not the usual thing you find around the web. Very detailed information about the business inside out, very good!

Thanks a lot!

Marco
